# Different materials

Phone cases are made from an assortment of materials, select from our range to best suit your needs.

i006

i004

i017

i020

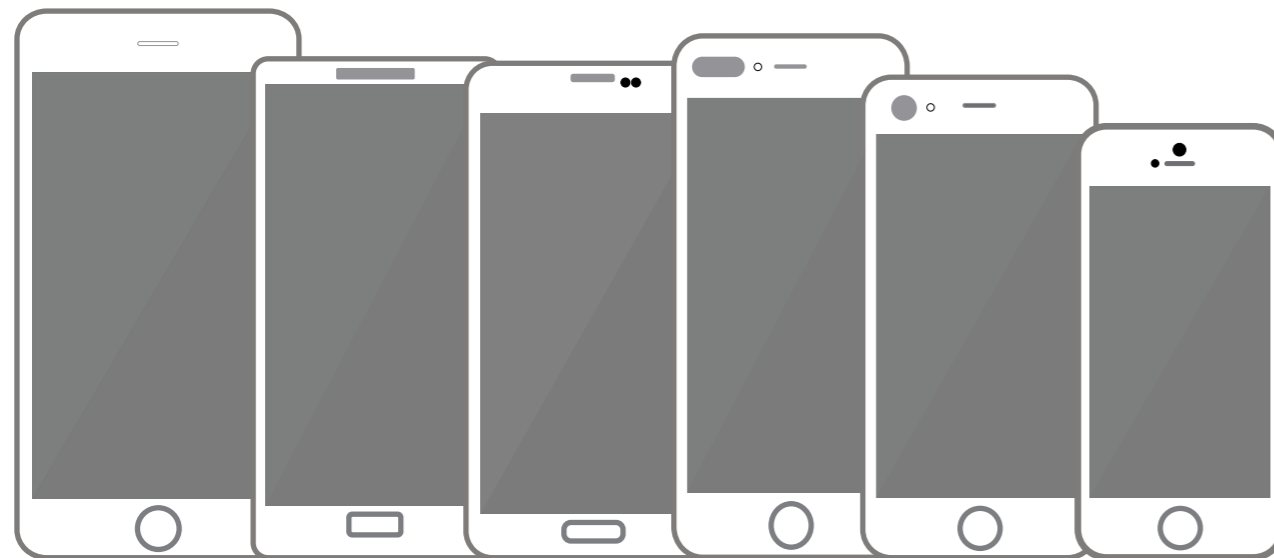

TPU phone covers are flexible and versatile as well as offering good protection.

Silicone is soft, flexible & bendable which offers a good fit for your phone.

PC is a strong plastic made from polycarbonate. PC offers a strong impact resistant phone cover.

Synthetic leather has the look & feel of real leather. Offers good protection for phones including the screen.

GO GREEN WITH OUR  
ECO FRIENDLY  
LANYARDS

Conserve resources and go green!  
We now offer products made from Recycled PET plastic.  
Our recycled PET lanyards are made from recycled plastic bottles  
that have been crushed, shredded and then re-spun into yarn that  
we can then weave into our products.
